

THE PROCESS FEAR

RECOVERED

	Why do I have the fear	Which part of self has failed?				Which of the basic instincts do these fears affect?							What are my defects of character?					<p>We look at the fear and ask for it to be removed. If you are religious or spiritual you ask whatever you believe in to help remove the fear.</p> <p>If we are an atheist or a non-believer – we go to a trusted friend and discuss the fear and reveal that it is stopping us from growing to the person we want to be. We ask for guidance from within as we are now on a conscious level of understanding and we have the ability to now see the truth.</p>
